**Mumbai, May 25, 2016**: PXIL successfully conducted REC trading for the month of May 2016. The total cleared volume on the exchange was 75,905 RECs that led to PXIL having a Market Share of 41.7 %. In this month clearing ratio was 1.25 % due to low demand side participation from obligated entities to fulfill their RPO. During this trading session, the prices in the solar and non-solar categories have remained at the floor level.

Prior to today's auction more than 1.72 Crore RECs were available in the market for trade; however the traded volume is low on account of non fulfillment of RPO compliance by major utilities.
