Event Pictures & Note of Thanks by
HR Team

DR. SUBHAJIT MUKHERJEE

Hailed as the “Green Man” of Mumbai, who did exemplary work with planting over 60,000 trees in Mumbai and whatever it takes to preserve the beauty & health of Mumbai.

Leaving his lucrative HR career behind, he embraced the conservation of greenery on Mumbai’s soil, which was the need of the hour for a concrete jungle like Mumbai.

As a founder of Mission Green Mumbai, Subhajit inspires citizens to produce their oxygen by planting a sapling. Besides, he is working towards the protection of trees, plantation of native trees and citizen’s engagement programmes.

In the last 10 years, 50,000+ trees have been planted and adopted by citizens across the MMR region. He has been associated with initiatives like Project Green Schools - Farmers Livelihood Project - Mini Urban Forest Creation - and Each One Plant One.

The exemplary work done by Subhajit towards “Water Conservation” bringing 40000+ youth together for “Jal Shakti Abhiyan” where his work took notice of none other than Hon'ble PM of India, Shri Narendra Modiji. He recognised and appreciated his work towards his environment-related activities.

He has received recognition of “Innovator of the Year 2019” for the invention of Magic Drum for Rain Water Harvesting PercolationPits.

Considering his passion and innovation towards “Trees and Water Conservation”, he has been honoured with the titles: “Jal Rakshak” and “Water Hero.” He is dedicatedly campaigning for Jal Jeevan Mission of the Ministry of Jal Shakti, New Delhi

Subhajit has been recognised by BMC as “Water Hero of Mumbai” for educating 16000 + students on Rainwater Harvesting techniques and innovations. Recently, Mission Green Mumbai has received an award from the Government of Maharashtra.

Currently with the launch of Majhi Vasundhara Abhiyan which is Government of Maharashtra most scientific and taylor made initiative in mitigating the effects of Climate Change he is working on citizens movement focused on rainwater harvesting with focus on groundwater recharge to solve the flood like situation in Mumbai and also addressing water shortage for irrigation
